(Prospects first name) can you tell me what you do for a living right now and your past work experiences in the job arena?

Can you tell me more about that?

What type of things did you dislike about your ____ **(Prospects first name)**?

So I know your looking for a home-based business right??? WHY??? **(VERY IMPORTANT)**

What level of income are you seeking in your new home business?? We do pay out **(what ever your company pay out is)** biweekly, I am looking for someone who is looking to make at least **\$2-3k per month** and I want to be straight up with you I do have about **25 people** to get back to tonight, and I am only looking for **2 people** who are quite serious about this..

What would you do with an extra **(what ever their income amount was)** per month?

What are your dreams, what is that you ideally want to do in life?

It seems like you are pretty serious, the person I am looking for has 3 main qualities: They are very self-motivated; they are dependable **(are you good at returning phone calls, emails and stuff like that?)** and lastly coachable?

Would these qualities describe you **(Prospects first name)**?

If you could see clearly that this home business can help you achieve your goal of **(What ever their income goal was)** per month being able **(what ever their dreams were)** and getting that base going in the next 60 to 90 days are you ready to get started in a program like that right away?

So you obviously have some money set aside to start your business right?

Ok.. do you still have that pen and paper handy?

Ok I am going to send you an email; this email will be able to answer a majority of your questions...
